- ✓ Git
- ✓ Subversion
- ✓ JavaScript
- ✓ jQuery
- ✓ Ajax
- ✓ WordPress
- ✓ HTML
- ✓ CSS

🔧 WORK EXPERIENCE

2011 - current

Senior Web Developer

Liturgical Publications, Inc.

Along with my team, I am responsible for the development and maintenance of five web applications that average over four million hits per month. In addition, we are responsible for a PHP api and a mobile app. Being the senior web developer, I am also responsible for the quality of the code that our web development team produces.

I started the position at LPi as a Web Developer, and was promoted to Senior Web Developer by Aaron Saray, a prominent open-source web developer. I have been mentored by him during much of my employment, and have mentored new employees along the way.

2008 - 2011

Web Developer

University of Wisconsin - Green Bay

In this role, I was responsible for the University's web presence. I also trained and supervised our team's student web employees. I worked on websites for various departments throughout the University.

📖 EDUCATION

I have a Bachelor of Science in Computer Science from the University of Wisconsin - Green Bay with a minor in Business Administration. I also am a Zend Certified PHP 5.5 engineer. Along with my formal training, I have also attended many conferences including php[world], ZendCon and Midwest PHP.
